“All the world’s a stage”
Is an adage old and true,
And the great New Hotel Sherman
Is a stage that’s set for you.
Here all players congregate,
Whenever they’re in town—
For this wondrous home of comfort has
Won world-wide renown.
Seventeen hundred rooms are here,
And a bath in every one,
And the rates are very moderate,
And there’s nothing left undone.
To make you feel at home always
And enjoy comfort and ease—
The Hotel Sherman does everything
That is possible to please.
They specialize in Food that’s good,
And the Service is perfection—
In their four fine dining-rooms you’ll find
There’s nothing needs correction.

The Olde Town Coffee Room will give
You cause for acclamation—
The College Inn has always been
The finest in the nation.
The Celtic Room and Bal Tabarin
Are equally delightful
For business man and supper-club fan
They’re everything that’s rightful.
Famous people from every clime
Find living here a pleasure,
And our “House on the Roof,” where the
President stayed,
Is another novel treasure.
For those of you who care to stop
Away from the down-town section,
The Hotel Ambassador is sure to please
And invites your close inspection.
To sum it up—a parting word
To every N. V. A:
The Play’s the thing, as Shakespeare said,
So come on here—and PLAY!

BOB HALL
FRESH silk

24 DAYS

from YOKOHAMA

A modern miracle which gave America the silk hosiery habit

A visitor, Princess not long ago remarked that the most striking thing about America was that everyone seemed to be wearing silk hosiery! And that is almost literally true. Yet, it is a somewhat new development—and one in which the Real Silk Hosiery Mills have played a big part.

For, until Realsilk found a way to give the American public silk hosiery that would wear—until Realsilk upset all tradition and actually converted silk hosiery from a distinct luxury into a recognized utility, the vogue for silk hosiery was no more perceptible here than abroad.

In the first place, silk had to come from the Orient... and the Orient was so far away! Boats were slow. Trains ran leisurely. Knitting machines were so methodical. And finally, the interminable drag of distribution, after the hosiery was finished! Sometimes it was literally years after the silk left Japan before the finished stockings were worn.

Then Realsilk entered the picture and a new order of things was introduced.

Capitalizing the increased speed of modern travel—hooking up the 9-day fast trans-Pacific liner with the transcontinental non-stop silk train, brought silk from Japan to the Real Silk Mills at Indianapolis in the unbelievably short space of 13 days.

Next, Realsilk launched that memorable battle against time which resulted in faster mill production on silk hosiery—from raw skein to finished product in not more than 6 days.

But the master stroke—the determining factor—was Realsilk's new direct-from-the-mills-to-you system of distributing silk hosiery. Instead of using conventional methods with their time-consuming in-between steps, Realsilk cut a direct channel from the Real Silk Hosiery Mills to the home—an achievement which in practical time-saving and economy ranks with the short-cut made by the Panama Canal!

So, today, thanks to Realsilk, you can get FRESH silk hosiery—made of silk that little more than 24 days ago was still on cocoons in far-off Japan.

By co-ordinating every speed factor between Yokohama and You—by bridling the fastest ships, the fastest railway facilities, the fastest day-and-night factory production, and then linking them with a direct method of selling and delivery, Realsilk now gives you FRESH silk; lustrous, young silk; strong,
long-wearing silk—in what millions proclaim the most satisfactory silk hosiery in the world.

And best of all, everyone can turn this epochal accomplishment to his own personal advantage.

More than 10,000 Representatives—the well-known Realsilk Gold Button Men—are daily bringing this great hosiery service direct to homes and offices in every community. You place your orders for hosiery with them; these orders are sent to our Mills; within 48 hours after an order arrives the hosiery is on its way to you by mail—FRESH, new-made and unhandled—and is delivered direct to your door by your own Postman!

If you have never before realized the vital importance of this achievement, next time our Representative calls, have him come in. He will show you how to make big savings annually in the purchase of hosiery for the entire family . . . Or, better still, why not 'phone your local Realsilk Branch Service Office to have a Representative call at once?

TO THE PUBLIC:

It has been brought to my attention that every vaudeville theatre in America, for the purpose of signalizing the immense advance the art has made, and as a tribute to the artist, will hold a national celebration and will inaugurate "National Vaudeville Artists Week," which will be held for one week beginning Sunday, April 17. This movement will be carried on throughout the entire United States.

I wish to call the attention of the people of the City of Portland to this movement, which merits the support of all of our citizens because of the civic and industrial betterment that amusements of this character bring about because of the prominent place vaudeville holds in the public regard, its qualities of entertainment and its educational influence.

Therefore, I, George L. Baker, Mayor of the City of Portland, do hereby proclaim the week of April 17th as "National Vaudeville Artists Week" and urge the citizens of Portland to participate in this movement that vaudeville and its artists may continue to advance our personal happiness and industrial good.

THE people of Cincinnati are constantly enjoying the hospitality and the ultra modern accommodations of the Hotel Gibson. They find it convenient to dine at least one night a week in the Florentine Room. They make use of the hotel for entertaining their friends—for social affairs, banquets, meetings and conventions.

Located at Fountain Square, it is within walking distance to all the theatres. Theatrical troupes will find many members of their own profession staying at the Gibson. Here Cincinnati's best traditions of hospitality are faithfully kept.

$1595 for the 8
$1295 for the 6

Amazing prices both! Other eights and other sixes may be obtainable at these prices, but after the price, equality ceases. From the phenomenal Shock-less Chassis to the most minute detail of finish these two newest Elcars are definitely better than anything ever offered at these prices. We claim it here—we’ll prove it on the road. Phone now and tell us when we may bring the Eight or the Six and give you that proof.

The fame of the Goodrich Silvertown Balloon has kept pace with the fame and popularity of The Goodrich Silvertown Orchestra.

With the Silvertown Balloon, performance records have undeniably set new standards of balloon tire satisfaction and economy.

With the Silvertown Orchestra, radio and vaudeville have made it one of the best known of the country's more popular musical groups.

The Goodrich Silvertown Orchestra and Silver-Masked Tenor were booked on the Keith-Albee Circuit through 1926 and 1927 season. They have also been booked for Fall months of 1927.

A Full House Every Day

The N. C. R. Schoolhouse

RIGHT in the heart of a great industry, attracting to its noon-hour entertainments a vast army of employees, is the N. C. R. Schoolhouse.

Here thousands of men and women gather every day for the regular entertainment consisting of vaudeville, motion pictures and music.

On many different occasions members of the N. V. A. have been our guests. Frequently they have helped us to make our programs more successful by appearing in person.

To those who have already visited us we say, "Come Again." To all other members we extend a cordial invitation to visit us the next time you are playing in Dayton.

Frigidaire
keeps food fresh

FRIGI
PRODUCT OF GEN
A wide variety of delicious frozen desserts can be easily made in the Frigidaire freezing trays.

regardless of every change
in weather

FROM the minute Frigidaire is installed in your home, you can forget about refrigeration. Because of Frigidaire methods of design, construction and operation you will be entirely independent of outside ice supply. Day after day, year after year, you will enjoy the care-free refrigeration made possible by Frigidaire direct cooling.

You will find a new pleasure in entertaining—a new ease in planning luncheons and dinners—a new delight in preparing the favorite salad or special dessert that you trust to no other hands. You will experience the convenience, advantages, and positive results of Frigidaire’s adequate cooling capacity.

Because of direct cooling and self-sealing tray fronts, the temperature in the Frigidaire freezing trays is always below freezing — always ready to provide a plentiful supply of ice cubes or to do justice to your skill in preparing ices and desserts—always ready to add the touch of flavor and deliciousness that only thorough freezing can give.

And in the food compartment of your Frigidaire, all the freshness and goodness of your perishable foods will be perfectly preserved. Milk will stay sweet, meats fresh, butter firm, fruits juicy. All the foods that go into your Frigidaire will come to your table as fresh, wholesome and appetizing as when first delivered at your door. In every way, you will constantly benefit by the greater efficiency of frost-coil cooling in a metal cabinet designed and built exclusively for electric refrigeration.

Arrange now to enjoy the many advantages of Frigidaire. Visit the nearest Frigidaire Sales Office and ask for a demonstration—today!

Play the B/G Circuit

B/G is the Big Time eating circuit—Coast to Coast. B/G performance is continuous—a food service individual as your own act. Just between us, let’s admit that all of us more or less human beings get fed up on ordinary restaurants. B/G gets as far away from the regular restaurant atmosphere as the Palace from the Show-boat.

In a B/G Shop you are our guest and are treated as one. As a host, it is our pleasant duty to serve you with the sort of food we would be proud to offer in our own home. You will find new enjoyment and relaxation in any B/G Shop. And old-time hospitality awaits you whenever you wander in—before you go on or after you come off.

Actors Know—

That an audience comfortably seated is half won for entertainment. When seats are hard and lumpy, and so high that only the toes touch the floor, “Creeping Paralysis” quickly sets in. An actor’s responsibility to entertain then becomes a task instead of a privilege. Those houses you like to play have AMERICAN chairs. The audience is “with you” every minute.

Owners Know—

That dependable seating service is a grouping of the energies of production, distribution and installation, under an organization national in scope; supervised by men experienced in the mechanics and engineering of theatre construction, as well as familiar with and sympathetic toward theatre operating problems. Our service includes all of that with good fellowship thrown in for good measure.

A masterly example of the coachmaker's art, the Chevrolet Imperial Landau with its body by Fisher, reveals a distinction characteristic of the costliest custom-built creations. It is literally true that no low-priced car ever exhibited such sheer grace of line or such flawlessly executed details as The Most Beautiful Chevrolet. You need only to see these arrestingly beautiful cars with their host of mechanical improvements, to realize what amazing values they represent.
